Headteacher Message

This week I would like to thank all the children who have taken up the offer of extra revision classes over the last few weeks. These are being run for children in key year groups.

This has meant some children coming to school early or staying late. These sessions are designed to give pupils the opportunity to reflect back on previous learning and consolidate what they know, as well as addressing any gaps and misconceptions in their learning.

In addition, the children will be better prepared for any statutory tests and assessments that they will be taking in the summer term. Thank you to all the staff that have volunteered their time to make sure the children have this added opportunity, another example of our team demonstrating high expectations and wanting the best for the children in their care.

Well done to all the pupils involved for undertaking these sessions with such enthusiasm!

Thanks

Mrs Higginson

TT Rock Stars Day

TT Rock Stars day takes place on the last day of term. Children are invited to come to school dressed up as a rock star or popstar. They can also bring props to go with their outfit. The children will take part in maths based activities throughout the day.

Attendance

Callum Higgs is the lucky winner of the Autumn term's family fun day prize draw. Every student with attendance over 97% has the chance to win for their family. Callum has chosen to go to Gullivers World. His whole family will accompany him on his fantastic day out.

Well done to everyone who received their bronze badges and 97% attendance certificates!

The family fun day draw is now in its second year so several families have already benefited from their children's great school attendance. The next draw will be at Easter – so good luck then.

Year 5

Year 5 are discovering the impact of forces in science this term, this week we were investigating the effect of gravity on unsupported objects – we measured their mass (g) and weight (N).

Year 3

In year 3 this week we have been learning about the mummification process. We even gave it a go ourselves!

Miss Taylor

Good luck to Miss Taylor who finishes this week to begin her maternity leave.

Parent Feedback

Further actions in response to the Parent Questionnaire:

The weekly school dinner menus have been sent out via school ping and are available on the noticeboard in the main reception area for parents and children to view.

Staff will hand over accident/bump slips to the adults collecting rather than putting them in bags.

There are always members of staff outside in a morning, around the trim trial area to welcome children and parents to school and answer any questions.
