

Year 3 Newsletter

Autumn 2

November 2019

Hello and welcome to Year 3!

In the classroom this year the teacher is Miss Stead supported by Mrs. Wilson and Miss Osborne.

The school doors open at 8:35am, with the children ready for a 8:45am start. Year 3 would especially love to win the attendance awards this year, so see you bright and early!

Welcome back! I hope you all had a lovely half term.

We would like to take the opportunity to let you know about some of the things we will be learning about this half term.

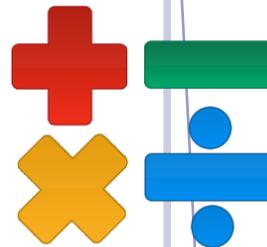

Our work in Science will focus upon forces and magnets. The children will be learning about what objects magnets are attracted to and repelled from. They will be using their prediction and scientific enquiry skills to answer various scientific questions.

In Geography the children will be learning about using a compass and plotting accurately on a map. We will also be using specific geographical language to describe places.

In English we will be writing a diary entry as if we were from the Stone Age, using all of the information we have learnt in our history lessons to help with our extending writing skills.

In Maths we will be focusing on the four main operations; addition, subtraction, multiplication and division. We're sure they will be keen to practise at home!

If you have any questions or queries, please do not hesitate to contact a member of our Year 3 team.

Things to remember

Homework:

Given out: **Wednesday**

Due in: **Monday**

PE Kit to be brought in at the beginning of the half term and will be kept in school for the half term.

PE kit: - burgundy shorts, white t-shirt and black pumps. Plain black or blue jumper and tracksuit bottoms.
