

Year 3 Newsletter

Spring 2

February 2020

Welcome back!

In the classroom this year the teachers are Miss Stead supported by Mrs Wilson and Mrs Jones. The school doors open at 8:35am, with the children ready for a 8:45am start. Year 3 would especially love to win the attendance awards this year, so see you bright and early!

Welcome back! I hope you all had a lovely break and are ready to learn!

We would like to take the opportunity to let you know about some of the things we will be learning about this half term.

Our work in Science will focus on animals including humans. The children will be learning about the different purpose of the skeleton and explaining the importance of a nutritious and balanced diet. They will be continuing to use their prediction and scientific enquiry skills to answer various scientific questions.

In Geography the children will be learning about how people's

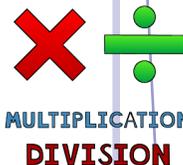

lives vary due to weather and why water is such a valuable commodity .

In English we will be writing a non chronological report, which will use our knowledge of ancient Egypt. The children will also be learning about various grammatical features; Headings, photographs, captions, third person and past tense.

In Maths we will be focusing on multiplication and division and statistics. Looking at bar charts pictograms and tables and solving problems.

If you have any questions or queries , please do not hesitate to contact a member of our Year 3 team.

Our Class Novel this term is; *The boy who grew dragons!*

Things to remember

Homework:
