

Art Statement of Intent

'Every child is an artist. The problem is how to remain an artist once we grow up'.

Pablo Picasso

We teach art to harness children's creativity and allow a freedom of expression through mindfulness and experimentation. Art teaches children that there is no right or wrong and gives children the confidence to make mistakes and explore their imagination through a variety of media. Art provides our children with the opportunities to develop and extend skills and an opportunity to express their individual interests, thought and ideas. Art embodies some of the highest forms of human creativity. A high-quality art education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art. We will enable pupils to think critically and develop a more rigorous understanding of art and how art has shaped our history, and contribute to the culture, creativity and wealth of our nation.

Art & Design Yearly Overview

Year group	Autumn	Spring	Summer
