## Headteacher Comment

This week our Y6 children attended Robinwood Activity Centre for a residential holiday. Robinwood offer a range of outdoor and adventurous activities that promote team building and build confidence. Children will typically take part in 15 activities over the course of the three days. These activities vary every year but include challenges such as climbing, archery, canoeing, caving, giant swing etc. All of our children have represented the school and their families extremely well and it has been lovely to hear all the positive feedback from the teachers and Robinwood staff. Listening to all the excitement from the children on their return to school has been a pleasure. I would like to thank the teachers for spending the time away from their own families to take the children on this exciting trip. I'm sure it was followed by a few early nights!

At the start of this school year, members of our senior leadership team took up their new roles as Assistant Headteachers. The decision to change the structure of the leadership team has meant a strengthening of the management team and this will enable the school to continue to flourish. Please see further information in the newsletter so you can see these key members of staff and their areas of responsibility.

Many Thanks

Mrs Higginson
