Headteacher Comment

This week we have had a focus on road safety. Children have been learning about safe ways to cross the road and the importance of all road users being responsible and considerate to others. We hope that teaching children these life skills will help them keep safe outside of school hours. To support your children with these key safety messages, please make sure you demonstrate being a responsible road user by driving and parking responsibly on the school run. Recently the welfare of our children has been endangered on a number of occasions due to parking on the pavements on Daniel Adamson Avenue and Myrtle Road, please leave enough room for children and pushchairs to get passed, so children do not have to walk in the road.

Head of School

On Monday 28th November, FGA will stop using ParentPay and move all payments over the My Child At School App. Communications about the changes have been sent out over the past few weeks. We are hoping by using one system for communication and payments, it will make it easier for parents/carers to keep up to date with everything that is happening in school. If you have any outstanding payments on ParentPay, they will be carried onto MCAS. If you have any questions, please contact the office.

Thanks , Mrs Higginson

Important

Parents/carers please be considerate of our neighbours at drop off and pick up times. Where possible avoid parking on Myrtle Rd and Daniel Adamson Ave and ensure you do not block driveways.

Year 5 MOSI

Year 5 spent the day at the Museum of Science and Industry on Wednesday this week. The museum commented on their enthusiasm for learning and how well behaved they were. They attended a workshop on forces and were able to confidently explain how a plane is able to fly.

Year 1

Year 1 have been focusing on 2-D and 3-D shapes within their maths lessons. They enjoyed using their knowledge to create a whole class repeating shape pattern!
