Headteachers Comment

Children at Partington Central Academy and Forest Gate Academy joined together this week to attend a residential trip to Robinwood. They took part in lots of outdoor and adventurous activities including team-building, water-based sessions and aerial activities. Children worked together to complete raft-building challenges, canoeing, rock climbing and the giant swing to name a few.

They returned to school excited and exhausted after 3 days of fun and have been sharing their experiences with the staff and their classmates. As always, they all represented us well and demonstrated good manners and behaviour.

A big thank you to all the staff that attended and gave up their time so that the children could go. As always, our staff have gone above and beyond to make sure the children get the best opportunities and experiences. Thank you!

Dates for your Diary

Tuesday 26th September – Year 6 Victorian workshop

Wednesday 27th September – Y1 Phonics workshop

Friday

Friday 29th September – MacMillan Coffee afternoon 2.30pm

Tuesday 3rd October – EYFS Rhyme Challenge & Phonics Workshop 9am

Year 3

On Wednesday, we completed a verb and adverb obstacle course in English. We undertook activities that generated a variety of vocabulary that would support us with our descriptive writing.

Year 1

Year one enjoyed their science lesson this week, learning all about the human body and identifying different body parts! We had lots of fun.

Year 3

In History, we have been looking at how people in the Stone Age communicated compared to the modern day. We used clay to create Stone Age art as this was the only written form of communication used within this time period.

Art Club

Last Friday was international dot day. In Art club we have read 'The Dot' by Peter. H. Reynolds to inspire our artwork. The children produced some beautiful pieces of art using dots.

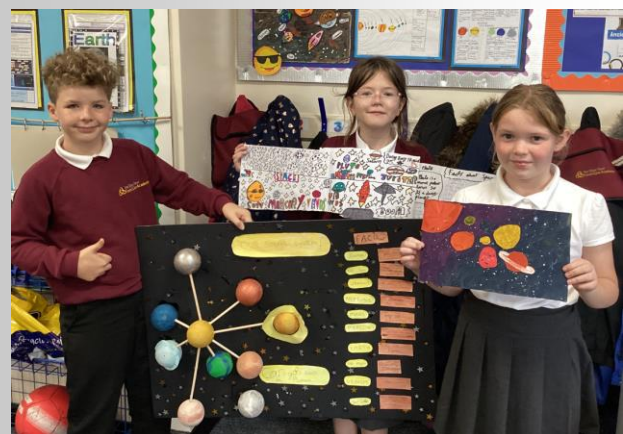

Year 5 & 6

This week, pupils in Year 5/6 class have completed a project on 'The Titanic'. As part of our Science lesson we investigated buoyant force and displacement of water and how this links to boat design. Pupils used the results from this investigation to design a plasticine boat that could float and carry weights. Like the Titanic, many of our attempts sunk!

Year 5

Year 5 have created some amazing Space projects at home. Well done Year 5!

Stars of the week

- Nursery = Bobby Stanhope & Elliot Christie
- Rec = Thea Walker & Charlie Robinson
- Y1 = Avayah Leatherbarrow & Lucas Farr
- Y2 = Farrah Pegg & Logan Jones-Yearsley
- Y3 = Cole Matley & Amelia Ford
